

Planning for Connecticut DEEP Power Hour

The Department of Energy and Environmental Protection (DEEP) invites all Connecticut residents and community groups to join the first-ever DEEP Power Hour.

During this casual session, you will:

- learn the basics of state energy planning,
- hear an overview of the recently-released draft Integrated Resources Plan,
- and have the opportunity to ask questions and share feedback.

Your input is critical for shaping the future of clean energy in our state. We hope you'll join us!

Questions for Discussion

What questions do you have about state energy planning?

What are your biggest concerns as an electric utility customer?

Do you have any concerns about moving towards a clean energy supply for all?

Can't Make it? Submit Comments!

Written comments may be submitted directly to DEEP.EnergyBureau@ct.gov by February 15, 2021, 4:00pm. DEEP welcomes feedback on all aspects of the Draft IRP but suggests reviewing the proposed strategies, laid out in depth in the [full Draft IRP](#), in order to provide input.
