

FY2026

GENERATION POWER CT

Energy Assistance **Program Report**

email: info@gpct.org
web: www.gpct.org

TESTIMONIAL

"I would like to say a big thank you. I received an email that I will be receiving assistance with my energy bill. This year has been **the hardest year of my life.** I was hospitalized for two months. I have been doing dialysis and have not been able to work. **Due to all that, I wasn't able to pay for my utility bills.** So, this approval has been a **great help and blessing for my two girls and me.** Thank you so much and I pray you will continue to bless single mothers like me out there ..."

- Client Testimonial

OUR MISSION:

To lead the way so current and future generations can thrive with secure access to heat, power, and water.

Water Assistance: CY25 Report 17
Application Support Center Listing 18

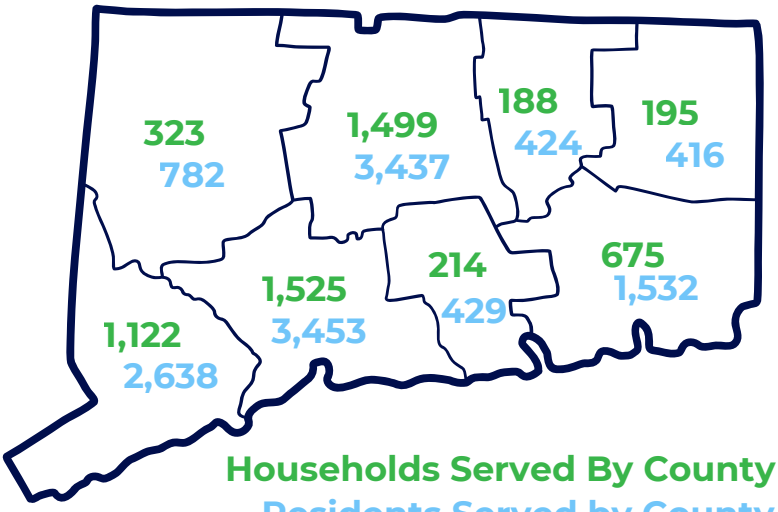

INTRODUCTION

At Generation Power CT (Operation Fuel, d/b/a Generation Power CT), our core mission is to provide emergency energy and utility assistance to limited- income households throughout the state of Connecticut (CT). We offer hope to families and individuals struggling with energy costs by providing financial assistance for heating, electricity, and water bills.

Generation Power CT (GPCT) partners with community agencies, civic organizations, faith-based institutions, foundations, donors, granting organizations, lawmakers, town leaders, and other partners to strengthen each community. This report highlights some of the impact that GPCT has realized in each CT county (and town) during fiscal year 2025 *(FY25, 7/1/2024 - 6/30/2025).*

During FY26, GPCT opened applications for emergency energy assistance in four (4) cycles: September 2-10, 2025; November 2-10, 2025; January 2-11*, 2026; March 2-10, 2026. With just 37 program application days, the need for energy assistance remained prominent and consistent.

As you read this report and review the impact that GPCT has had in your area, consider partnering with us as we aim to secure equitable access to heat, power, and water for all.

INTRODUCTION

Application Support Centers

GPCT partners with over 50 Application Support Centers (ASCs) throughout the state. ASCs provide local and personal assistance to residents. They operate at the front lines, assisting clients with:

- Guiding people through the application process.
- Collecting and verifying proof of income (paystubs, benefit letters).
- Providing follow up and application status support.

ASCs provide essential hands-on support, helping individuals navigate GPCT's statewide programs and ensuring eligible families get the funds they need for heating, electricity, gas, and water bills.

Delivered Fuel Vendors

GPCT connect clients with preferred fuel vendors by partnering with over 200 fuel companies across Connecticut. These vendors, many of which are small businesses, work in a collaborative partnership with GPCT to provide emergency energy assistance to residents in need.

GPCT does not provide cash to applicants. Instead, one-time grants of up to $500 are paid directly to approved delivered fuel vendors on behalf of eligible households after a delivery. Once a grant is approved, the vendor delivers the fuel within 30 days of the approval date. Available delivered fuel types include oil, propane, kerosene, biofuel, pellets, and wood.

Utility Vendors

CT utility companies like Eversource, Avangrid, The Metropolitan District (MDC), Aquarion Water Company, and Connecticut Water Company provide critical services to residents, ensuring access to gas, electricity, and water. They also assist GPCT with raising funds to help ensure that these essential services remain accessible for all residents.

Utility partners also help GPCT to raise funds to assist residents in need. They utilize their billing systems to collect donations (Add-a-Dollar) and provide energy and water bill assistance to limited-income residents. They are a crucial link for energy affordability and crisis support, serving as vendors for assistance payments and partners in outreach.

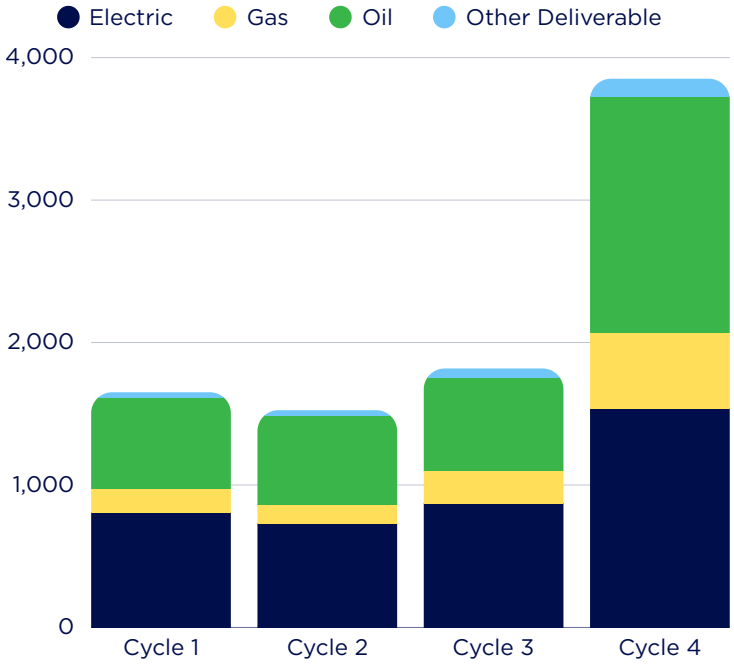

KEY OBSERVATIONS: STATE WIDE (ENERGY)

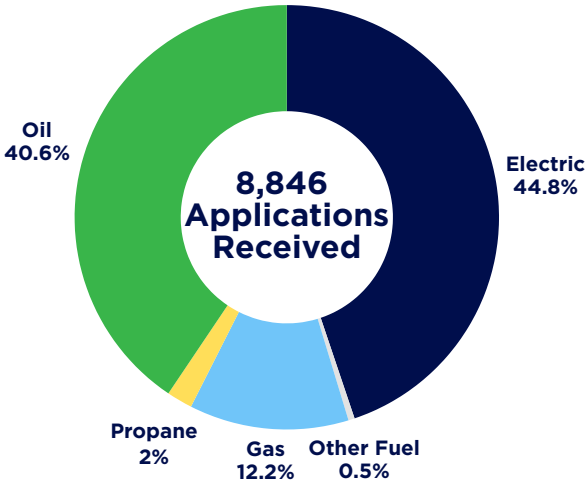

During FY26, Generation Power CT approved **5,741** total energy awards, delivering **$2,724,910.17** in fuel, electricity, ang gas assistance throughout CT.

Included in the numbers:

- 8,846 applications were received. 5,741 grants were approved.
- Electricity assistance requests were the highest need (45%), followed by requests for oil assistance (40%).
- Hartford and New Haven counties drive the largest volumes of applications and awards.

Total EEAP Applications Received by Cycle and Energy Type (FY26)

UTILITY TYPE	AMOUNT (USD)
Electric	$1,000,192.76
Gas	$225,109.06
Oil	$1,408,314.19
Propane	$53,906.95
Kerosene	$24,322.20
Pellets	$6,284.14
Biofuel	$6,283.23
Wood	$497.64
TOTAL	**$2,724,910.17**

KEY OBSERVATIONS: STATE WIDE (ENERGY)

46% reported having a vulnerable-aged household member (under 6, over 60)

52% identified as homeowners and 48% identified as renters

Average State Median Income (SMI) average for approved clients is 31%

24% of households qualified for the CT Energy Assistance Program (CEAP)

10% receive Supplemental Security Income (SSI)

WATER ASSISTANCE

Applications, Grants, & Total Assistance by Water Company

Calendar Year January 1, 2025 to December 31, 2025

Generation Power CT administers water assistance on behalf of three water company partners: Aquarion Water, Connecticut Water Company, and the Metropolitan District Commission (MDC). Water assistance programs are created and funded by the water companies, and are specific to the customers within those specific service areas.

Aquarion Water and Connecticut Water Company have both a bill payment assistance program and monthly discount rate program; the MDC has a bill payment assistance program.

WATER COMPANY	TOTAL APPLICATIONS	APPROVED APPLICATIONS	$$ AWARDED	DISCOUNT RATE
Aquarion Water	698	423	$49,901.40	386
Connecticut Water	785	470	$159,894.01	466
The MDC	497	282	$104,360.10	-
TOTALS	**2,082**	**1,175**	**$314,155.51**	**852**

APPLICATION SUPPORT CENTER PARTNERS

Generation Power CT is incredibly grateful to partner with over 50 community organizations across the state to serve as Application Support Center partners. These partners enable in-person and over-the-phone application assistance to households across the state, ensuring access to critical Generation Power CT resources.

In FY 2026, 26% of all applications were initiated by an Application Support Center partner.
